R2R CCT COB LED Strip Light

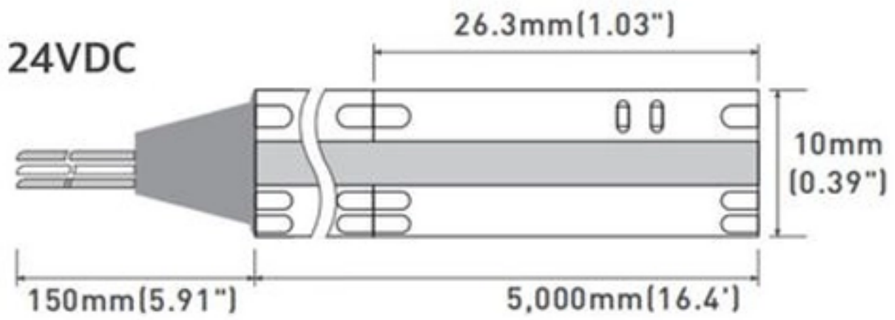

Reel to Reel
COB608
8W/M

Product No	Voltage	Color	Lm/M	Watt/M	Efficiency	CRI	Segment	PCB Width
36082	24VDC	2700K	640	8W	80	Ra>90	26.3mm	10mm
		6500K	840	8W	105			
		Mixed	720	8W	90			

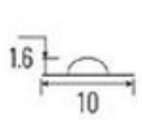

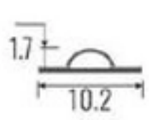

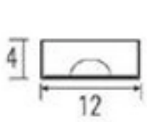

Dimensions

Main Features

- Dual white design,color temp.changing from 2700K to 6500K.
- Reel-to reel PCB, no more solder joints at every half meter, which eliminates common issues like false soldering, or inaccurate length caused by lap solder in conventional LED strips.
- Chip-on-Board design, high density LED, even and uniform lighting.
- Double layer. 2oz FPC, balancing Voltage drop, heat dissipation and flexibility.

Waterproof Grades

IP Rating	IP20	IP67A	IP67B
Section			
Material	None	Inject with Heat shrink tube	Inject with silicon tube
