VII Control Smart life devices with Alexa

Voice control phrase:

Explanation:
Firstly,you should say "Alexa" to wake Alexa if it wakes.you will see the blue LED light lighten up around Alexa.
You may use "turn on" to open some device.Use "turn off" to close some device.
And at last,you should say the name of the device you want to control.

Try out these phrases ({Device Name} should be the name of your device):
Take lightbulb as an example by the name of "light" (Device Name)
(1) ON: "Alexa.turn on light(Device Name)".when you hear response "OK" means control successfully
(2) OFF: "Alexa.turn offlight(Device Name)"
(3) Dimming:
①"Alexa,set light(Device Name)to 80 percent"
②"Alexa,dim light(Device Name)to 50 percent"
③"Alexa,dim light(Device Name)by 100 percent"
(4)Color changing:
"Alexa,set light {DeviceName}to blue"
