The diagram illustrates the three-step process for adding a device:

- Step 1:** The user opens the app and selects **Add Device**, then chooses **Scan QR code**.
- Step 2:** The user scans the QR code displayed on the physical device.
- Step 3:** The user confirms the **Add Device** action on the app screen.

Hereby, Shenzhen Sonoff Technologies Co., Ltd. declares that the radio equipment type S60TPG is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:
<https://sonoff.tech/usermanuals>

Wi-Fi Operation Frequency:
802.11 b/g/n20 2412-2472 MHz
802.11 n40: 2422-2462 MHz

To ensure the safety of your electrical installation, it's essential either a Miniature Circuit Breaker (MCB) or a Residual Current Operated Circuit Breaker (RCBO) with an electrical rating of 13A has been installed before the plug.

 All products bearing this symbol are waste electrical and electronic equipment (WEEE) as in directive 2012/19/EU which should not be mixed with unsorted household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment, appointed by the government or local authorities. Correct disposal and recycling will avoid any potential negative consequences for the environment and human health. Please contact the installer or local authorities for more information about the location as well as terms and conditions of such collection points.
