Dimensions

Technical Specifications:

Power Supply	100-240V~ 50/60Hz
Power Consumption	Max. 8.5W
Relay Output	3 x 16A/250V~ AC
Wireless Protocol	Wi-Fi 2.4GHz 802.11b/g/n Bluetooth 5.0 LE Zigbee 3.0
Display	3.5-inch IPS capacitive touch screen
Resolution	480 x 320
Brightness	300 cd/m²
Operating Temperature	0°C ~ 40°C (32°F ~ 104°F)
Operating Humidity	5% ~ 95% RH
Dimensions	86mm/3.39in x 86mm/3.39in x 30mm/1.18in

About AleXa, What's The Difference?

Alexa built-in and Work with Alexa are two different ways to connect your system with Alexa. Built-in can control up to 200 devices, and Work with Alexa can control 128 devices. You don't need to purchase additional speakers/screens. The center control panel itself is a speaker and screen. Simply connect to your router and require additional speakers to make voice control.

Alexa built-in

For 4-inch, 5-inch & 10-inch control panel

Work with Alexa

For 3.5 inch control panel
